JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Partners for Advancing Clinical Education (PACE) and HIMSS. PACE is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing for the healthcare team.

# SPECIALTY EDUCATION

Complimentary to all registered attendees.

## AI in Healthcare

Artificial intelligence is making a big impact across healthcare ecosystems. It's improving the patient and provider experience, addressing supply chain issues, relieving financial burden, and helping analysts leverage data to predict better outcomes. Get the full AI experience with the AI in Healthcare preconference forum, applied AI sessions, data science sessions, an up-close look at AI products and services, the Digital Health Technology Theme Park, Specialty Pavilion networking receptions, and so much more!

Refer to [himssconference.com](https://himssconference.com) or the mobile app for details.

## CXO Experience\*

This is the exclusive C-Suite event you've been waiting for. There is only one place in the world where health industry leaders from across the globe can be amongst their own. The CXO Experience includes CXO Spotlight sessions, Executive Lounge, Provider Executive Summit, Exclusive VIP Networking Events, Local Healthcare Facility Tour, and so much more!

Refer to [himssconference.com](https://himssconference.com) or the mobile app for details.

## CXO Spotlight Sessions

Participate in sessions focused on generative AI in healthcare, AI and predictive technology, actionable data, and the future of care at home.

Sessions 11, 43, 106, 122

## Global Health Policy Connection Sessions

Participate in three sessions focused on cross government collaboration on health information and technology programs, and gain insights into key initiatives, plans, priorities and opportunities.

Sessions 41, 136, 216

\* Separate registration required

## Government Sessions

Hear from experts at all levels of government on health information and technology-related public policy initiatives like Medicare, information blocking, cybersecurity, and congressional and state policy actions.

Sessions 8, 9, 19, 22, 24, 25, 27, 31, 40, 41, 47, 56, 71, 87, 88, 90, 103, 104, 118, 119, 126, 135, 136, 140, 183, 184, 189, 199, 200, 202, 207, 210, 215, 216, 231, 238

## Healthcare Cybersecurity Experience

Healthcare continues to be highly targeted by cybercriminals, and attackers are constantly changing their tactics. Learn how to be proactive to defend and protect your data's confidentiality, integrity and availability. Includes Cybersecurity Products and Services, Healthcare Cybersecurity Forum, Cybersecurity Command Center, Cybersecurity General Education Sessions, Specialty Pavilion Networking Receptions, SANS NetWars Cyber Range, and Friday AM keynote experience.

Refer to [himssconference.com](http://himssconference.com) or the mobile app for details.

## Health Equity

Explore innovation in addressing the health equity crisis by examining how Certified and Federally Qualified Health Centers offer comprehensive care and embrace "TechQuity" by leveraging technology to create healthier lives. Let's move toward expanding care to rural and underserved communities, with a focus on data justice and ethical practices.

Sessions 12, 30, 48, 66, 84, 215

## HIMSS Davies Award of Excellence Sessions

W308A

The HIMSS Davies Award recognizes healthcare organizations for using information and technology to enhance clinical care, population health and patient outcomes. We have education sessions featuring winning, evidence-based case studies, covering topics such as governance, workflow design, decision support, analytics and digital health solutions. These studies represent lasting improvements in patient outcomes, including reduced length of stay, fewer readmissions, improved safety metrics, and overall better care standards.

Sessions 13, 29, 45, 92, 108, 124, 188, 204, 220

## Industry Solutions Sessions

W207C, W208C

Review the most up-to-date case studies on topics most relevant to the health IT conversation. Sponsored by market suppliers, client case studies are presented with a problem set and real-life outcomes.

Sessions 4, 5, 20, 21, 36, 37, 52, 53, 68, 69, 99, 100, 115, 116, 131, 132, 147, 148, 163, 164, 179, 180, 195, 196, 211, 212, 227, 228

## Views from the Top

W224E

Get inspired by compelling stories from high-ranking leaders in a variety of industries in top-level, strategic education sessions.

Sessions 7, 23, 39, 86, 102, 134, 150, 182, 214

## Venture Connect

W300

Across the digital health ecosystem, founders, startups, and others are working to transform care at the bedside. Join us for an immersive experience to encourage and inspire the change needed to positively impact healthcare delivery.

See page 79 for details.

**Failure Can be Painful but Full of Promise: Learning from Our Mistakes**

W300 | Kohli

When startups fail, it can be heartbreaking, traumatic, and downright painful. With so many possibilities to improve the care delivered at the bedside, it is deemed a letdown for patients and their families. But how does one get back up and try again? Many believe that “failure is not an option.” But when it occurs, there are life lessons to be learned which can eventually make one stronger.

### Regulatory Aspects of Fuelling Innovation: Perspectives from Across the Global Landscape

W300 | Habash, Hien, Jayaraj

The healthcare ecosystem, comprised of federal entities, ministries of health, NGOs, and so many other organizations, are keen to identify ways to energize the digital health ecosystem to spur innovation. However, government agencies must provide frameworks for safe, secure, and equitable use of technology in healthcare. Hear perspectives from across various global agencies focused on innovation that show there is no single path and no single approach that works for all.

2:30 pm – 3:30 pm

### Enabling Clinical Innovation: Perspectives from Across the Provider Setting

W300 | Alexanian, Fencl, Locklear

Although healthcare is a highly regulated and complex industry that is difficult to navigate, there is no better place to accelerate clinical innovation than in the provider setting. With regulatory pressures, cybersecurity threats, potential risks to patient care, and a myriad of other challenges, providers are in the best position to understand this environment by helping to facilitate and nurture an environment of creativity. In this session, panellists compare their experiences of fuelling innovation across the digital health ecosystem and related experiences.

# HIMSS INTEROPERABILITY SHOWCASE®

Hall B | Booth 3760

## REIMAGINED Connections Transforming Tomorrow's Health

Step into the captivating world of the Interoperability Showcase®! Immerse yourself in live narratives of patients, caregivers, and clinicians – all ignited by the passion of industry interop champions and ecosystem enablers. Witness the dynamic realization of standards-based solutions within a seamlessly connected health ecosystem.

Join globally renowned senior healthcare leaders eager to discover practical and available solutions – and those on a quest to learn about harnessing the power of standards-based data exchange.

See the fresh design that lets participants impress as they demonstrate their proven standards achievements. Start at the Information Desk or engage with a Showcase Ambassador to chart your course. Join a tour in progress or request a guide.
